11. Soliciting or selling of merchandise, tickets, or services is prohibited without a Special Event Permit.

POINTS OF INTEREST

THE PLANET WALK

The Planet Walk is a scale model of the solar system installed by Mount Logan Middle School sixth grade students along the Logan River Trail showing the relative size and distance each planet would be from the sun if the distance from the Sun to Neptune were condensed into one mile.

WILDLIFE AND PLANT INTERPRETIVE TOUR

Interpretive signs throughout Stewart Nature Park Walkway provide information about different animal and plant species found within the park.

WILDLIFE AND HABITAT INTERPRETIVE TOUR

Signs along the Trapper Park Trail provide information about the many bird species, mammals, and fish along with educating users about ecological functions of river and wetland systems.
